

BY*PAS PET PAL

ULTRA CONCENTRATED ENZYME CLEANER

DESCRIPTION:

Specialized solution designed for use in veterinary clinics, pet shops, boarding schools or stables. Contains a unique enzyme package along with fast acting detergents to remove organic soils from cages, coops, wash tubs, walls, floors and more! Enzymes provide fast and complete odor control; digesting organic matter like feces, food, urine and more for a complete clean.

CONTAINER AVAILABILITY:

4x1 Gallon Case, 5-gallon Pail,

PHYSICAL PROPERTIES:

Physical Form	Aqueous
Color	Amber
Odor	Slight Vinegar
Density (lb/gal)	8.3-8.4
Biodegradable	Yes
pH of concentrate	3-4

PRODUCT CAUTIONS:

Always wear gloves and eye protection when handling this or any cleaning product. Store with lids closed, in room temperature and out of direct sunlight. Rinse all surfaces after use. Keep out of the reach of children.

Use within 1 year of purchase!

ADVANTAGES:

Ultra Concentrated! 1-gallon makes 10 gallons of concentrate!

"Purified" enzymes act instantly consuming organic soils on contact unlike "bacteria" based products that can take hours to act.

Enzymes remove harsh odors quickly, helps to reduce pest problems, continue to work after the cleaning process.

Can be used on all washable surfaces and contains no harsh or aggressive chemicals.

Readily biodegradable!

DILUTION RATIO'S:

Add 1-gallon of Pet Pal to 9 gallons water to make a base concentrate; further dilute 1 part Pet Pal to 10 parts warm water (100°F) then spray liberally over the area to be cleaned and allow dwelling for 5-10 minutes, then brush if necessary and remove with hot high pressure water for best results. Repeat as necessary. *Do not use this product with bleach or ammonia. It is best you do not use this product in conjunction with another product at time of cleaning to ensure good enzyme activity.
