

BY*PAS POULTRY PAL

ULTRA CONCENTRATED ENZYME LITTER TREATMENT / AIR DEODORIZER

DESCRIPTION:

Revolutionary enzyme spray for use in bird pens or laying areas will wash away organic matter that attracts obnoxious pests to areas around the bird creating stress for the birds reducing laying ability (proven). The enzyme's also reduce odor and will lower ammonia levels, which creates a toxic environment for the birds to live in.

CONTAINER AVAILABILITY:

5-gallon Pail

PHYSICAL PROPERTIES:

Physical Form	Aqueous
Color	Amber
Odor	Slight Vinegar
Density (lb/gal)	8.3-8.4
Biodegradable	Yes
pH of concentrate	3-4

PRODUCT CAUTIONS:

Always wear gloves and eye protection when handling this or any cleaning product. Store with lids closed, in room temperature and out of direct sunlight. Keep out of the reach of children.

Use within 1 year of purchase!

ADVANTAGES:

Use in overhead misting stations or simply treat the litter between flocks.

Enzymes remove harsh odors and reduce the level of ammonia creating a healthier environment for the birds to live in.

Safely washes away and digests organic matter reducing obnoxious pests.

1-5 gallon pail makes 55-gallons of concentrate!

Readily biodegradable!

DILUTION RATIO'S:

Add this 5-gallon of Poultry Pal to 50-gallons of water; then dilute this solution 1 part product to 50 parts water and simply spray as needed thru automatic overhead misting stations inside barns or areas where the birds are housed.

For best results...fully saturate the ground litter in the pen with this solution between flock changes!
