PRODUCT CAUTIONS:

Contains: Monoethanolamine & Surfactants. Always wear gloves and eye protection when handling this or any cleaning product. Store with lids closed, in room temperature and out of direct sunlight. Rinse all surfaces thoroughly and do not allow to dry. Keep out of the reach of children.

Refer to msds for further safety information.

ADVANTAGES:

Concentrated liquid works effectively to clean heavily soiled surfaces with minimal scrubbing.

Produces lathery cleaning foam that clings to vertical surfaces for longer contact time enhancing cleaning performance!

Contains NO: phenols, phosphate, caustic, acid, bleach or "butyl cellosolve."

Safe on all types of house siding and deck materials.

Readily biodegradable!

DILUTION RATIO'S:

General Use: Use 3-6 oz per gallon of water and apply to evenly to the surface with a sprayer from the bottom and go up. Clean one small section at a time. Use same ratio and method for bucket and brushing. Rinse thoroughly!

Heavy Cleaning: Use 8-16 oz per gallon of water. Apply to area to be cleaned, then brush or remove with high pressure water. Avoid causing product runs.

High Pressure Washing: Inject 1 ounce for every gallon of water passing thru the unit. Start at bottom and go up! Rinse thoroughly.

*It is best if surfaces are cool to the touch when cleaning!
