

# BY\*PAS VIBRA 6000

VIBRATORY LO PH BURNISHING, DE-BURRING & CLEANING DETERGENT

## **DESCRIPTION:**

Safe concentrated; lo pH liquid detergent for use in "vibratory" washers produces clean, bright and smooth surfaces!

## **CONTAINER AVAILABILITY:**

30-55 Gallon Drums and 275 Gallon Totes

## **PHYSICAL PROPERTIES:**

|                     |                 |
|---------------------|-----------------|
| Physical Form       | Aqueous         |
| Color               | Orange          |
| Odor                | Sweet Detergent |
| Solubility in Water | Complete        |
| Foam Profile        | Moderate        |
| Biodegradable       | Yes             |
| pH of concentrate   | 3.0-3.5         |

## **PRODUCT CAUTIONS:**

Contains: Organic Acid & Detergent. Wear eye protection and gloves when handling any chemical. Keep lids sealed when not in use and refer to the MSDS for further safety information.

## **ADVANTAGES:**

Non-corrosive formula can be used on brass, copper, aluminum, zinc, steel, iron, and sinter metals.

Mild acidity brightens parts and a special detergent package provides tarnish protection on brass and copper leaving them shining for months!

Removes light oils and build up effectively!

Excellent lubricity and moderate foam profile extends media life and protects part surfaces!

## **APPLICATIONS:**

Vibratory machines, ultra-sonic, soak tank

## **DILUTION RATIO'S:**

Heavy Cleaning: 6-8% product in water

Medium Cleaning: 3-5% product in water

Light Cleaning: 1-2% product in water

Heat solution water to 110-130°F, then rinse well.
